

# G2000 Rackmount

This guide describes the procedure of rack mounting the G2000

Written By: Rene Weber

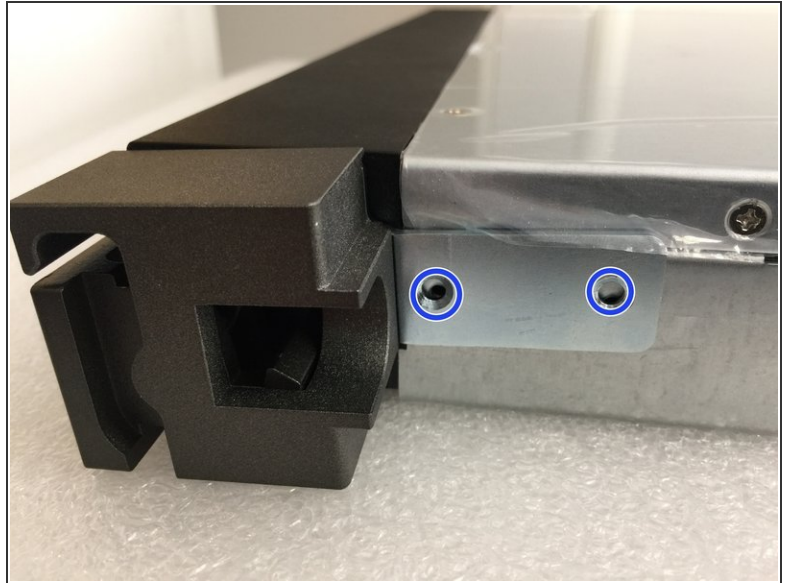

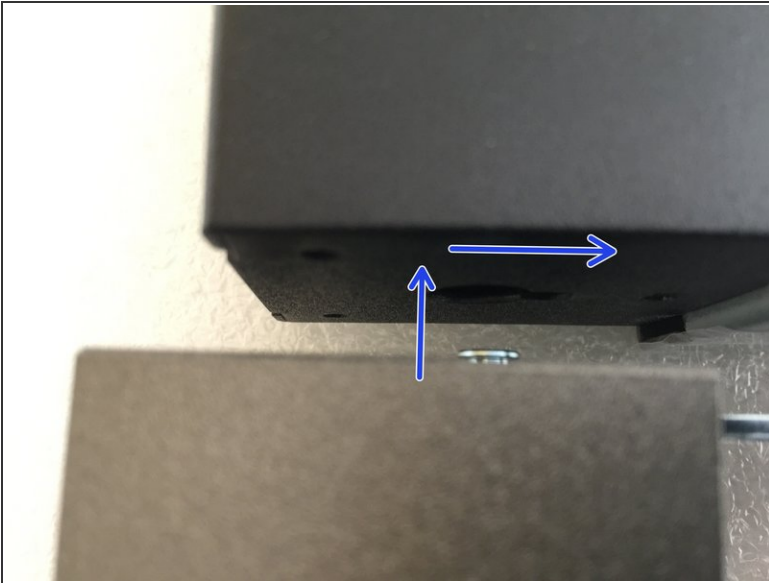

## TOOLS:

- Screwdriver, Philips #2 (PH 2) (1)
-

## Step 1 — Mount handles

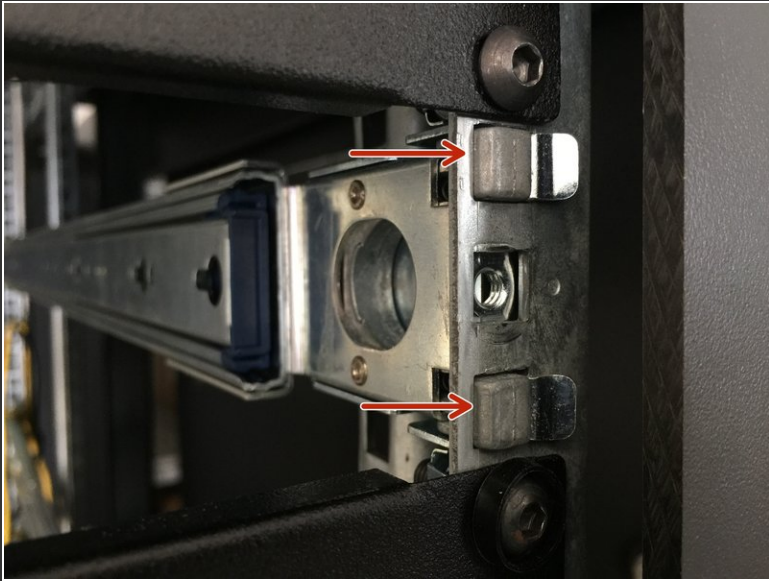

- Put the handle on the side of the G2000
- Push it backwards and make sure it locks
- Fix it with the delivered screws

## Step 2 — Attach slides

- Attach the inner slide of the rackmount to the G2000
- Make sure it is fixed with the screws delivered

### Step 3 — Mount rack slides

- Snap the rack slide into the rack
- Fix it with the delivered cone screw

### Step 4 — Mount G2000

- Carefully slide the G2000 into the rack mount
- Push it backwards until the cone screws snap into the handles
